

## **Brandywine Class of 1973 Alumni Scholarship Fund**

**This is an endowed fund for graduating seniors at Brandywine High School, created by members of the Brandywine Class of 1973. It is driven by recognition that access to higher education is an essential part of the American dream, and that older generations bear a responsibility to help young people cope with the escalating cost of higher education.**

**The founders of this fund have three aspirations:**

- 1. As years pass, more classmates will become donors.**
- 2. As donors experience the satisfaction in helping Brandywine graduates attend college, they will make additional gifts to the fund.**
- 3. Donors will see this fund as worthy of a place in their will or estate plan.**

**In addition, we are hopeful that other Brandywine graduating classes will adopt this idea. Anyone interested in helping another class create an alumni scholarship fund, please contact JB (Jeff) McCombs, 15834 Culver Drive, East Lansing, MI 48823, (517) 641-8049. Or contact Michigan Gateway Community Foundation.**
